

## **Adopt-A-Drain Pledge**

### **Clean water starts with clean streets**

Homeowners with storm drains located by their homes are asked to help the Public Works Department to keep it clear of litter, leaves, twigs, and grass clippings.

1. Place Stormwater Marker on curb of storm drain you have adopted. This marker indicates where the stormwater goes.
2. Clean the stormwater drain of twigs, leaves, grass clippings, and debris after each rainfall.
3. Collect and dispose the above items in the garbage.
4. Monitor the stormwater drain for one year beginning in August.
5. Learn about stormwater pollution.
