

MS4 Outreach/Q&A Session

Share Your Experience: Local Stormwater Program Successes & Challenges

During the past nine months of the MPCA hosting Outreach and Q&A sessions, stakeholder feedback has revealed attendees value hearing what other regulated MS4s are doing and experiencing. This session has been designed to allow those in attendance to share stories about successes and challenges via a small breakout rooms and large group sharing format. During the large group share, a representative from each breakout group will be asked to share a summary of the discussion.
