

Agenda	Stormwater Focus Group Meeting
5 minutes	Welcome – Host
5 minutes	Overview of the Focus Group – Facilitator
10 minutes	<p>Share the MPCA’s Vision for Stormwater Management – Presenter</p> <p>Summary: Federal regulations have expanded the scope of stormwater management for the Minnesota Pollution Control Agency (MPCA) in recent years. This has not been without growing pains in many areas – both for the agency and those we work with to protect Minnesota’s resources. This focus group, and other focus groups to be conducted this month, is meant to get feedback before the agency contemplates if changes need to be made in the way the MPCA regulates and influences stormwater management.</p> <p style="text-align: center;"><u>VISION</u></p> <p><i>All storm water will be of high quality and a reasonable volume when it enters the lakes, stream, rivers wetlands, and groundwater.</i></p>
80 minutes	<p>Input on the Following Questions – All/Facilitator</p> <ol style="list-style-type: none"> 1. React to this vision statement about storm water management. It is apparent from the statement it will take all of our efforts to accomplish. 2. As you consider stormwater management in Minnesota, what is going well that you wouldn’t want to change / lose? 3. What currently is not working the way you would like or what issues/opportunities do you see? What do you think we can do about it? 4. What didn’t we ask you that you want to tell us?
20 minutes	Prioritization – All/Facilitator
