

# ENVIRONMENTAL GOOD HOUSEKEEPING THANK YOU

**Thank you for your efforts in cleaning up the environment. Your actions to protect the environment by curtailing water pollution have been noticed and are appreciated by the City of Red Wing.**

Usually the city has to remind people that it is **illegal** to blow or throw anything onto its streets, because from there it ends up in the river as water pollution. Gratefully, your situation is different. When it comes to cleaning up the water environment, your individual effort to clean up the streets in Red Wing really does add up to make a difference.

**Please continue your efforts as an example to others. There is no doubt that cleaner streets mean cleaner rivers and that both the Mississippi River and Lake Pepin need our help with this undertaking.**
